

LOAN READINESS PLATFORM

AI-Enabled MSME Credit Readiness — Bangladesh

EXECUTIVE SUMMARY

Investor & Partner Brief

“From Informal to Bankable”

THE PROBLEM

80–90% of Bangladesh’s MSMEs are excluded from formal finance, creating a \$20B financing gap due to:

- Lack of financial records & documentation
- Banks perceive MSMEs as high-risk
- No scalable system to convert MSMEs into borrowers
- Existing solutions fail to link capacity to credit

OUR SOLUTION

A scalable “Credit Readiness Engine” that transforms informal businesses into bank-ready borrowers through:

- Digital bookkeeping tools
- AI-generated business plans & financials
- Loan readiness scoring system
- Standardized, bank-aligned “credit packs”
- Human validation layer for trust & quality

HOW IT WORKS

HOW IT WORKS — Loan Readiness Platform

Each step is supported by the platform's digital tools + human validation layer

BUSINESS MODEL

Performance-linked revenue aligned with MSME outcomes:

- MSME subscriptions (low-cost)
- Loan success fees — core revenue driver
- Bank referral fees
- Donor/grant funding for inclusion programs

Revenue is tied directly to successful financing outcomes.

MARKET OPPORTUNITY

Initial Target

25,000 MSMEs in 3–5 years

Expansion

Scaling in South Asia and 15+ countries in our network
Reuse platform modules to scale across industries

TRACTION & PILOT

Year 1 Target	Metric
500–1,000	MSMEs Onboarded
200–300	Loan Applications
80–120	Loans Approved

Key Partnerships:

- Banks: BRAC Bank & others
- NGOs: BRAC & development networks
- SME industry clusters

FINANCIAL SNAPSHOT

Year 1 Cost	\$650K – \$850K
Break-even	Year 2
Scale-up	Year 3+

FUNDING ASK: \$1M – \$1.5M

Seed / Grant / Blended Finance

USE OF FUNDS

Technology build · Pilot execution · Team & operations · Bank partnerships
